

FOR IMMEDIATE RELEASE:

**Evolutions to Provide New Services for
Primary Care Physicians in the St. Louis Area**

St. Louis, MO, September 15, 2005 — Tom Long, President and CEO of Evolutions, a leading practice management and medical billing solutions provider, announced recently that the company has created a new division to provide billing and collection services along with practice management software solutions to primary care physicians throughout the St. Louis area.

The practice management software solutions will include leasing of the Web-based IDX Groupcast software for physician practices for patient scheduling, a patient database, claims scrubbing, electronic claims submissions, statement mailing and claims management. Evolutions is currently providing these services to a number of practices in the St. Louis metropolitan area, including Brownridge Pediatrics, PC, Family Practice of South County, Inc., St. Louis Internal Medicine, Inc. and Dr. Paul S. Catanzaro.

“This new division allows us to serve local physicians with practice management solutions previously not available in and around the St. Louis community,” said Tom Long, President and CEO of Evolutions. “Our goal in everything we do is to facilitate the cash flow of our clients and these new solutions further enable us to do that.”

Evolutions, headquartered in St. Louis with a regional office in Fort Myers, FL, provides high quality and responsive medical billing, practice management and transcription solutions to its more than 100 physician client base located throughout the U.S. The company has working relationships with five Medicare carriers, Blue Cross/Blue Shield, United Healthcare and several other major healthcare insurance companies throughout the country.

Evolutions’ billing solutions entail much more than producing bills for medical providers. The company’s enhanced billing solutions are totally HIPAA compliant. Payment denials have been reduced by as much as 18 percent due to the company’s unique claims data scrubber that checks for missing data elements, transpositions and illogical information. Professional coders also examine each claim submitted by Evolutions to insure that all coding is at the appropriate and correct level. The company also monitors trends in its clients’ claims submissions and when they discover recurring anomalies, they provide client training to correct the problem.

About Evolutions

Evolutions can trace its history back 35 years. The company provides comprehensive medical billing solutions that are HIPAA-compliant and reviewed by certified coders. Evolutions also uses state-of-the-art electronic claims submission and offers an aggressive accounts receivable management program that guarantees to exceed the national average collection standards. The company operates on an at-risk basis and no capital expenditure is required for clients.
