

FOR IMMEDIATE RELEASE:

Evolutions Adds Interface Engine to Its Billing Solution

St. Louis, MO, December 2, 2004 -- Tom Long, President and CEO of Evolutions, a leading practice management and medical billing solutions provider, announced recently the company has purchased the DataConnect interface engine from IDX. This robust tool has been embedded in Evolutions' medical billing solution.

The IDX DataConnect interface engine allows the Evolutions billing solution to interface with virtually any medical information system capable of generating anything from a flat file to an HL7 file. By capturing patient demographics electronically, the potential for data entry errors is significantly reduced, and the time from the date of service to claims submission is reduced by days.

"The IDX interface engine is the best in the healthcare marketplace, and we chose it for its ability to speed and improve the accuracy of our clients' billing process," Mr. Long said. "Our goal in everything we do is to facilitate the cash flow of our clients." Mr. Long added.

Evolutions, headquartered in St. Louis with regional offices in Cape Girardeau, MO and Evansville, IN, provides high quality and responsive medical billing solutions to its client base of radiologists, radiation oncologists, imaging centers and other medical specialties located throughout the U.S.

Evolutions' billing solutions entail much more than producing bills for medical providers. The company's enhanced billing solutions, which are totally HIPAA-compliant, have reduced days in A/R for many clients by 35 percent. Payment denials have been reduced by as much as 18 percent due to the company's unique claims data scrubber that checks for missing data elements, transpositions and illogical information. Professional coders also examine each claim submitted by Evolutions to insure that all coding is at the appropriate and correct level. The company also monitors trends in its clients' claims submissions and when they discover recurring anomalies, they provide client training to correct the problem.

About Evolutions

Evolutions can trace its history back 25 years. The company provides comprehensive medical billing solutions that are HIPAA-compliant and reviewed by certified coders. Evolutions also uses state-of-the-art electronic claims submission and offers an aggressive accounts receivable management program that guarantees to exceed the national average collection standards. The company operates on an at-risk basis and no capital expenditure is required for clients.
